

# Personalized Class Detailed Judging Form

This judging form is to be used for Chevrolet and GMC vehicles that have had limited exterior modifications consistent with the judging guidelines established by the Personalized Chevrolet Chapter. Personalized class judging is divided into 4 areas: interior, exterior, engine compartment and chassis. Judging is based on workmanship, condition and cleanliness. Additional points are granted to reflect the degree of engineering and creativity reflected in the vehicle's personalization. The judge will use this form to enter the amount of points to be deducted per item along with a brief description of the reason for the deductions. The form also includes the amount of personalization "adder" points, a results summary and eligibility for PCC awards. Rules: Vehicle must have a Chevrolet body and motor. Mandatory for all vehicles to have an approved, visible fire extinguisher at all times.
